

Luminall Universal Tinting Colors are recommended for tinting purposes only. Not to be used for straight color work.

Add colorants gradually and stir constantly, or mix on a paint shaker. Do not use more than 4 oz. of color to each gallon of paint.

CAUTION—COMBUSTIBLE

Do not use near open flame or heat.
Contains lead or other compounds.
Wash thoroughly after handling and before eating and smoking.

757-AO-560

BECAUSE ALL COLOR SELECTORS ARE AFFECTED BY AGE, LIGHT, HEAT AND PRINTING PROCESSES, SLIGHT COLOR DIFFERENCES MAY OCCASIONALLY EXIST BETWEEN THE COLOR CHIPS AND THE ACTUAL PAINT IN THE CONTAINER.

LUMINALL UNIVERSAL TINTING COLORS

for all interior and exterior paints!

Triple-strength Luminall Tinting Colors are an all-purpose, fully compatible tinting medium which gives you twenty-two colors to mix and match your way to a world of decorative color. Luminall Universal Tinting Colors tint all interior and exterior paints and enamels, including latex, acrylic, polyvinyl acetate, alkyd, resin emulsion and oil paints.

Many beautiful shades and tones can be obtained with these concentrated colorants by varying the amount of the base color. Luminall Universal Tinting Colors are quick and easy to mix, have exceptional tinting strength and will not affect brushing quality or degree of gloss when used as directed. No unpleasant odor! Use them for perfect results!
